Deputies and colleagues, please find attached an updated version of the Friday's options document.

\\~

It includes a new option for parking (1010 Somerset). We've also re-categorized some items as they were previously identified as possible additional support but they are now in fact actual support (Such as LEL and 1500 Bronson)

\\~

For ease of reference we've highlighted the changes in yellow.

\\~

Let me know if you would like us to add or change anything. Thank you

Thanks

This looks very good. See highlighted areas—lets be clear that warming up areas are for OPS and other key support teams.

Parking needs an edit
